# NppToR

- Upon logging in, NppToR will automatically run. You should see the R logo at the bottom right of your taskbar, as seen in picture below:

- If you try running NppToR again (e.g. from the Start menu), you will get a pop up error message Ignore, and click "No" as the program is already running.

- **Right Mouse button:**

To access NppToR settings, simply right click on the R icon from the taskbar and use the pop-up menu as required.
